**STATEMENT OF SUBSTANCE OF INTERVIEW**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In accordance with 37 C.F.R. § 1.133(b), submitted herewith is a statement of the substance of the telephonic interview on July 27, 2005, with Supervisory Patent Examiner (SPE) Rehana Perveen and Examiner Kim T. Huynh, regarding the above-identified application. This statement is being submitted within one (1) month of the date of the actual interview and is therefore a timely response.

The following individuals participated in the interview: (1) SPE Perveen; (2) Examiner Huynh; (3) Ted Rittmaster, Attorney for Applicant; and (4) Justin Sobaje, Attorney for Applicant. No exhibit was shown, and no demonstration was conducted.

During the interview, we discussed claims, including independent claims 1, 8, 9, 11, 20, and 21. Also, we discussed cited references, including Andreas (Pub. No. US 2004/0093450).

The proposed amendments to the claims were presented in the Amendment filed on July 11, 2005. During the interview, we pointed out claim distinctions of the claims, as amended, with respect to the cited references.

At the conclusion of the interview, SPE Perveen acknowledged that each independent claim in the application is distinguishable over the prior art of record. SPE Perveen also stated that a further search may need to be conducted before she can say that the claims are allowable. SPE Perveen and Examiner Huynh indicated that they will send an Interview Summary in which they will indicate that the claims distinguish over the prior art of record.
